ITINERARIES AT MYKONOS ISLAND

Itinerary I: South Coast of Mykonos – Dragonisi

Choose this itinerary and you will be able to see all the beaches of Mykonos from a totally different perspective: you will get to know the jet set venues and the nature's rich heritage and eternal Cycladic beauty. Enjoy your privacy at secluded private beaches & bays, while do not miss the chance to feel the vibes of the always vivid Mykonian beaches. You will see a whole new angle of Mykonos, one that you would have never imagined existed. This particular itinerary is the most popular and the one requested the most by our guests. Having as a starting point Platys Gialos Port, we cruise at low speed so as to view the VIP beach of Psarrou. We continue our trip towards Ornos Beach and end up at the last southwestern beach of Mykonos, known as Glyfadi. Then we speed up and sail past the famous southern beaches of Mykonos (Paranga, Paradise, Super Paradise, Agrari, Elia, Kalo Livadi, Agia Anna, Kalafatis, Lia and Fragia) and head off towards the uninhabited isle of Dragonisi, reachable only by private yacht. Dragonisi is a protected nature reserve and a haven for the monachus-monachus seal. There we stop off to enjoy a swim at one of the most unique and beautiful beaches of this isle. Snorkelling equipment and sea scooters are provided for those who are interested in exploring the beautiful underwater environment. On our way back we stop off at Agrari Beach for more swimming and snorkelling in the blue sea or for water sports for the more athletic. Our trip ends at the port of Platys Gialos. One of the major advantages of this itinerary is that it is not affected by weather conditions as the yacht cruises close to the coast.

Itinerary II: Mykonos – Delos – Rhenia

If you would like to make a trip back to history and Greek mythology, then you should visit the island of Delos, an island which is now deserted. Greek mythology tells the legend of how the island of Delos appeared suddenly amidst the waves of the sea when Leto was looking for a safe place to give birth to her twins Apollo and Artemis. Starting from Platys Gialos Port, we approach Delos so that you will be able to get a complete view of its monuments and archaeological remains. If you wish, we stop at its picturesque small port and you can visit the archaeological museum and enjoy a trip into the ancient Greek past. Then we continue our cruise towards Rhenia Island, whose history is closely related to that of Delos Island. There we make a stop for swimming and snorkelling at one of the many beaches of this isle, all of them unique in their beauty. Away from the busy crowds of Mykonos Island, you will be amazed by the beauty and tranquillity. Then we head off back to where we started, Platys Gialos Port.
